Subject: Question - Fire Protection

Good morning Marcy and Tom,

I was wondering if you could put together a little timeline of events of everything Fire Protection related that you can gather up. Looking for all meetings/conversations/events that took place between the City of Pine City and/or the City of Rock Creek and the City of Rush City. We would like to make a timeline for the next Council Meeting that is part of the Agenda packet so that residents can have all of the information and we can be as transparent as possible. Your help would be greatly beneficial so that I can make sure that this timeline is as accurate as possible. I appreciate your help on this matter and hope that conversations can continue to happen. Thank you!

Thank you,

Ashley Rauschnot

Hi Ashley.

I am looking for a little more clarification.

Is this a time line for how we created the contracted fire aid with Rush City?

Or are you looking for the time line to start with Rock Creek not renewing their contract with Pine City?

They are all intertwined.

Let me know.

Thank you.

Marcy Peterson

Subject: Re: Question - Fire Protection

I am looking for all communications between all three cities since at least March 2023 (this is when my timeline starts with my first meeting with Tom Miller and Scott Hildebrandt.) Unless you have anything before this date that would be helpful information. I'm just trying to make a transparent timeline for our residents with communications that happened. I want all "sides" information so that I can be as accurate as possible. Thank you so much for your help on this!

Thank you,
Ashley Rauschnot

Hi Ashley
It's been so busy with elections and our city budget work that I haven't been able to address your timeline questions.
I'm at elections until closing.
Thank you.
Marcy
